# LANGUAGE BRIDGING PROGRAMS

Improve your language and academic skills while working toward your chosen degree.

Our campus is located in a historically and culturally diverse region where languages and cultures come together to create an enriching learning experience. Given the diverse make-up of our student population, we have created language bridging programs to make it easier for students from non-English backgrounds to get ready for studies at Mount Allison.

These programs are designed for students who need extra time and training to meet the University's English proficiency requirements, and who would like to benefit from additional academic preparation and transition time before full-time studies.

## PATHWAYS TO CAMPUS

Even if your level of English proficiency is below our required minimum for an unconditional offer, you may be eligible to participate in one of our Pathway programs toward full-time studies.

You will be assessed based on Grade 12 and post-secondary transcripts. We encourage transfer applicants to include a letter of intent and resumé with their application in addition to transcript(s).

Mount Allison may transfer a maximum of 60 credits of post-secondary courses. Final assessment and awarding of credits will occur when official final transcript(s) are received from the post-secondary institutions and registration fee is paid.

Visit [mta.ca/advancedstanding](https://mta.ca/advancedstanding) for more details.

*If you are 22 years of age or older and have attempted fewer than 18 credits of transferable post-secondary level courses, you may be eligible for admission as a mature student. Mature students should include an updated resumé and a letter of intent with their application and transcripts.*
